

Corporate and Social Responsibility

Platino Ltd is proud of providing a high quality service supporting businesses, employees and the public through our vending machines and supply of products. We are passionate about giving back to others and being involved in initiatives that positively impact on those around us including our staff, our community and our environment.

Our Environment

We like our planet and prefer to keep it clean and sustainable. We are committed to practising and promoting steps we can make to reduce our carbon footprint.

We encourage all staff to be environmentally friendly and promote the '3 Rs' to reduce, reuse and recycle across the company.

Our Products

We like to know where products sold from our machines come from and how they are sourced. We have Fairtrade and RF certified produce and source suppliers who can guarantee ethical products including tea, coffee and snacks.

We promote and encourage healthier lifestyles through our range of products that include low-fat and reduced calorie options.

Our Charities

Platino actively supports and gives back to charity.

Platino Supports Research into Chiari-like Malformation and Syringomyelia (CM/SM)

A painful disease affecting, humans and dogs, we support researchers working together to prevent suffering. Please see our website for further details.
